

APS 30

Reversible Hydroelectric Power

Pumped Storage Hydropower - PSH

Point of Consumption

Behind-the-meter

Very high quality

Stable and steady energy

24 hours, 365 days

Guarantee: 200.000 hours

Space: 20 x 25 meters

Implantation: 180/360 days

Zero carbon emission

Renewable and sustainable

100% clean energy

Green System

30 MWh

Flow production

Pressure: 1.090 psi

Kinetic energy conversion

Intelligent transmission

Synchronous generators

High power factor

Intelligent management center

Multiple transformer center

Storage energy

Patent Cooperation Treaty - PCT

Advanced Power Science - APS

PPA => 15 years

Payment: 30 days after delivery

Own investment

No limit
